

Correct Corsetry

The new fashions demand new figure lines, and these new lines can be obtained only by the latest in corsetry, designed adroitly to accomplish certain results. The modish bust is medium, the back straight, the hip long and the waist slightly curved, and more than all, the figure must be supple and not unduly confined. American Lady Corsets reflect fashion's dictations in every detail, molding the figure perfectly to afford the proper foundation for the season's styles. The new models represent innumerable designs for all types of figures, slender, medium and stout, including a model for "your" particular figure. Why not ask to see it? Prices range \$1 to \$5.

I. C. Electric Block System.

Work is progressing rapidly on the installation of the electric block system of the I. C. on the Louisville division. Much of the work has been completed, and the gaps will soon be closed, and all trains will be operated under this great feature of convenience and safety. Much of the I. C. trackage has been using this system for many years, and the increased traffic between Louisville and Paducah has made it necessary to extend the feature to this territory.

County Roads Dragged This Week.

The rains of the ten days previous had put the roads of the county in good shape for dragging, and beginning Monday there has been a general use of the King drag, in town and over the county, to the vast improvement of the highways. If the people of the county will use a little foresight, and exercise their judgement for their own benefit, there will not slip an opportunity to do work on the roads the next few weeks. Farmers are not so busy these times, and at least seventy-five of them have secured King drags from the county under promise to use them on the roads. This would pay handsomely every man who thus employed his time.

No Delivery Wagons School Fair Day.

Merchants in all lines have agreed to operate no delivery wagons School Fair Day, thus giving the streets entirely for the use of the thousands of visitors. This is the proper spirit, and one that will be approved by the public. Goods can be ordered the day previous without inconvenience to anyone, and the public should gladly thus help in the matter.

Parent-Teachers Association.

Central City has a parent-teachers association, just formed, and there will be closer relations established between the pupils, parents and teachers, to the benefit of all, but more especially to the pupil. Greenville should have a similar organization. There is deep interest and general support from the parents here, but organized, definite work is what will be required to secure the best results. For some time there has been talk of such association, and it should at once be consummated.

Notice to Members of Poultry Club.

It is desired that all members of the various Poultry Clubs show one pair of birds at the School Fair to be held at Greenville the 30th. Place the birds in a coop 2 feet long 2 feet high and 2 feet wide so as to have them all uniform size. If possible have the front made of wire.

There will be demonstrations and plans of model poultry houses, etc., sent by Experiment Station. For further information write or see J. P. Head, or E. D. Howerton, Greenville, Ky.

There will be organized a volunteer police force, of citizens of the town, for service School Fair Day, to regulate street traffic and in every way aid in the comfort of visitors and success of the Fair. There have been several volunteers, and a few more good men are desired for this service.

Campaign Opens Here Monday.

Next Monday is county court day, and there will be a large crowd here. Mr. Newton Belcher, Progressive candidate for Congress, will speak at 10 o'clock, and at 1 o'clock Hon. R. V. Thomas will speak in his interests for a return to Congress, representing the Democratic claims in State and National affairs. The court house will be taxed to hold the crowd, as Mr. Thomas has a strong following here.

The Central Life Insurance Co., of Kentucky has received applications since January 1 amounting to more than

Local Mention.

Good morning! Are you ready for the School Fair?

Mr. and Mrs. C. W. Roark were in Louisville several days last week.

Miss Myrtle Johnson, of Henderson, is here on a visit to her father and friends.

Mr. Norman Levinson was in Henderson last Sunday with relatives and friends.

Typewriter ribbons, paper, supplies of all kinds for any machine at this office.

The city has two hogs for sale, and Marshal Dennis will sell them to the highest bidder Monday.

Mr. W. T. Morgan is in Louisville this week, attending a state association meeting of life insurance agents.

Mr. Louis Hamilton who has been in Birmingham for some months, is here on a visit to his parents.

It is practically assured that we will have an operator here to make reels of pictures from the School Fair.

Messrs T. C. Brown, C. B. Wickliffe, V. H. Franklin and W. H. Gray are in Louisville this week, attending the sessions of the Masonic Grand Lodge.

The many friends of Mr. J. S. Miller will be glad to learn that he is rapidly recovering, and expects soon to return home. He is with his daughter, Mrs. Jake Gordner, at Indianapolis.

Quality Counts.

I handle only the best. Trade with us and be one of our satisfied customers. If the meat pleases you tell somebody else. If it does not suit you tell Figeley, successor to J. E. Coombs, Main street Meat Market. Tel. No. 126.

The ladies aid society of the Presbyterian church will serve lunch school fair day in the iron building on north court square. Everything will be home cooked, and daintily served, while the prices will be moderate.

Planting Mill and Supplies.

I have purchased the J. F. Green planing mill and stock of lumber, and carry building materials, sash and doors, ect. Will also construct buildings, complete.

James M. York.

Let Us Forget, We Say It Let

us sell you that wallpaper, you will want to tighten and brighten your home for winter. Marvelous values, large, snappy stock right here for your selection. When you see how little the cost, you will buy.

Notice the sale of property to satisfy city taxes. Sale will be made on Saturday, October 31, by city marshal W. R. Dennis.

Property owners in town have been doing more than the usual amount of work in getting their premises in good shape for winter: there has been much cleaning up of lots, repairs to roofs and buildings trimming of trees and the like. The State Fire Marshal has helped much by orders issued to have buildings repaired, and a few have been torn down on his orders.

Potato onions and onion sets for sale by Cecil E. Roark.

Examination November 14, To Select Rural Carrier.

There will be an examination held here November 14 to determine who is best fitted to serve on rural route No. 2, about fourteen miles in length in a northeasterly direction from town, going out the Siever's Ford road, into the Bevier road and back through Powderly, there being some 115 families to be served on the route. It is likely there will be considerable effort made to secure this appointment, and a large number of applicants will be examined.

Calomel, Calomel, you cannot say for LIV-VER-LAX has shown us an easier way. Ask G. E. Countzler.

There is one provision of the new automobile law that is doubtless being violated here and elsewhere. In case an auto is sold, it is required that the seller and buyer make a joint statement to the secretary of state within five days of transaction. The penalty for failure is a fine of \$5. It is likely that this is being overlooked by many persons.

Oh, you Calomel get out of the way and let LIV-VER-LAX do the work. Purely vegetable. Ask G. E. Countzler.

Moving Pictures of School Fair.

Dr. J. E. Bailey, manager of the LaMeade theatre and the Queen moving picture show, is in correspondence with the Selig Polyscope Co., of Chicago, and has assurance that this celebrated concern will have an operator here for the purpose of making pictures of the School Fair on October 30. Muhlenberg county has the greatest School Fair in the United States, and our fame will be carried all over the land by the pictures secured that day. All indications are that the Fair this year will be larger than ever, and with a fair day will draw a larger attendance than the two preceding events.

School Fair, October 30.
